Dan Jarvis MP
House of Commons
Westminster

Matthew Coffey HMI
Chief Operating Officer, Ofsted

Dear Mr Jarvis

PARLIAMENTARY QUESTION NUMBER 228271: To ask the Secretary of State for Education, how many state-funded schools in each local authority area are currently assessed by Ofsted to be inadequate or require improvement that had been assessed to be good or outstanding at their previous inspection?

Your recent Parliamentary Question has been passed to me, as Ofsted's Chief Operating Officer, for response.

I can confirm that Ofsted holds information for each local authority about the number of schools judged as requires improvement or inadequate at their latest inspection where they were judged good or outstanding at their previous inspection.

The below table presents all schools currently judged requires improvement/satisfactory or inadequate and, of these, how many schools were judged outstanding or good at their previous inspection.

The table is based on the latest inspection of all schools as at 31 December 2014 where the inspection reports had been published by 9 February 2015. It does not include schools which have not yet had an Ofsted inspection.

A copy of this reply has been sent to David Laws MP, Minister of State for Schools, and will be placed in the library of both Houses.

Yours sincerely
