9 November 2017

Dear Gordon,

Re: Parliamentary Question 109924 on the number of apprentices employed by the Institute for Apprenticeships

The Department for Education has requested that I respond to you directly on behalf of the Institute for Apprenticeships regarding your Parliamentary Question 109924 in which you enquire about the number of apprentices employed by the Institute for Apprenticeships.

I am pleased to confirm that in this financial year one member of staff has completed their apprenticeship and another two members of staff are currently completing their level 3 digital marketing apprenticeships. A further three apprentices are in the process of being appointed.

I hope you find this information helpful.

Yours sincerely,

Peter Lauener
Chief Executive Officer
Institute for Apprenticeships
