2nd July 2018

Dear Mr Marsden,

Further to your written question [157053] tabled on Monday 25 June 2018, I am writing to confirm that, at the end of June 2018, the Office for Students employed 71 staff (equivalent to 62 full-time equivalent staff) in the following 'back office' functions: finance, facilities management, human resources, legal services, governance and information technology. The Office for Students had 13 people (equivalent to 12 full-time equivalent staff) who were not on the payroll working in these functions through arrangements with agencies.

Should you require any further information about the Office for Students please do not hesitate to get in touch.

Yours sincerely
