Rt. Hon. Frank Field MP  
Chair, Work and Pensions Committee  
House of Commons  
London  
SW1A 0AA

12 October 2018

Dear Frank,

As announced by the Prime Minister and Secretary of State for Exiting the European Union on 18 July 2018, the Government will be publishing a series of technical notices.

I would therefore like to draw your Committee's attention to the following technical notices relating to the business of DWP/HSE that will be published today setting out the Government's proposed approach to:

- Regulating biocidal products if there's no Brexit deal
- Classifying, labelling and packaging chemicals if there's no Brexit deal
- Export and import of hazardous chemicals if there's no Brexit deal

These notices will set out information for businesses and citizens to understand what they would need to do in a 'no deal' scenario, so they can make informed plans and preparations.

This does not reflect an increased likelihood of 'no deal;' an acceleration at this point was long-planned to ensure plans are in place by March 2019 in the unlikely scenario they are needed. Negotiations are progressing well and both the UK and the EU continue to work hard to seek a positive deal. However, it is the job of a responsible Government to prepare for all scenarios, including the unlikely event that we reach March 2019 without agreeing a deal.

I attach a copy of the notices which I will place in the libraries of both Houses along with a copy of this letter. The documents will also be available on gov.uk.

Yours sincerely,  

**Sarah Newton MP**  
Minister for Disabled People, Health & Work
