

Universal Credit Programme Board Papers

May, June and July 2017.

The Department for Work and Pensions has today, 1 November 2018, placed in the House Libraries, Universal Credit (UC) Programme Board papers for May, June and July 2017.

We have also agreed to make public future UC Programme Board papers after two years. These will be deposited in the House of Commons library twice yearly, in 6 monthly batches.

The next set of documents will be deposited in February 2019 covering the period August 2016 to February 2017.

Document H – in each of the Programme Board packs (the Integrated Programme Decision Log) will not be reproduced for each month due to the size of the document. Instead, we will provide details of additional decisions made for each subsequent board pack deposited, where this is part of the Programme Board papers.

This approach will provide a more holistic view of the issues discussed by the UC Programme Board and will allow readers to discern a wider picture of the Programme than could be gleaned from an isolated set of UC Programme papers.

DWP has made this decision in line with the UC programme's transparency agenda and it should not be taken as agreed practice across Government.
