20 December 2018

I would like to place in the House of Commons Library an updated document which provides the current position in relation to HMRC's office closures. The previous list which was provided to the library in December 2017, showing the position to 31 October 2017, is now out of date. The list relates to an announcement HMRC made in November 2015 on the transformation of its estate. The document is attached.

*Yours ever,*
