The government has issued a technical notice regarding exporting objects of cultural interest if there's no Brexit deal. An update to that technical notice and a copy of that document will be published today. The following two draft documents support the information in that technical notice.

Please find attached a copy of the draft of proposed amended statutory guidance on the criteria to be taken into consideration when making a decision about whether or not to grant an export licence.

Please also find attached a copy of the draft of the proposed amended Open General Export Licence.

These documents are scheduled for publication on the Arts Council England website today. Copies of these documents will also be deposited in the Libraries of the House of Commons and Lords on 5th February.
