

Specified Accommodation

Specified accommodation

The Local Authority (LA) Housing Benefit team will decide if accommodation a claimant occupies is to be classified as specified accommodation. The LA Housing Benefit team also deal with any disputes regarding the decision to classify the accommodation as specified.

Where there is a liability to pay rent it is met by Housing Benefit through the LA. Any doubts are checked with the housing benefit team to ensure the housing costs are not paid by both Housing Benefit and Universal Credit.

For Universal Credit purposes, claimants with a liability to pay rent will be treated as not liable when living in specified accommodation.
