Dear Dale

I am writing to correct one of my answers to you during the Private Notice Question tabled by Lord Lexden on the Metropolitan Police Report by Sir Richard Henriques on 30 September.

I stated that the Metropolitan Police Service (MPS) had announced on 14 August that it would publish as full a version as possible of the report. In fact, it was on 6 August that the MPS issued a statement from the Deputy Commissioner, Sir Stephen House, in which he said: "We will publish as full a version of the report as possible, as soon as we can, now that proceedings are complete". I am sorry for the error.

I will place a copy of this response in the Library of the House.

Yours ever  
Ann

BARONESS BLOOMFIELD OF HINTON WALDRIST

And thank you for your kindness afterwards...
