Dear Clerk

Memorandum for the Delegated Powers and Regulatory Reform Committee

The Telecommunications Infrastructure (Leasehold Property) Bill was introduced in the House of Commons on 15 October 2019. To assist with the Delegated Powers and Regulatory Reform Committee's scrutiny of the Bill, the Government has prepared a Delegated Powers Memorandum.

This memorandum identifies the provisions of the Bill that confer powers to make delegated legislation. It explains in each case why the power has been taken and explains the nature of, and the reason for, the procedure selected.

I am placing in the library of the House today a copy of the memorandum we prepared for the Delegated Powers and Regulatory Reform Committee.

I hope that this information is helpful.

With best wishes,

Matt Warman MP
Parliamentary Under Secretary of State for Digital and Broadband
