Our ref: IO2020/00683

12 February 2020

Dear Caroline,

I write to you in relation to your Parliamentary Question of 21 January 2020, namely: *To ask the Secretary of State for International Trade, pursuant to the Answer of 16 January 2020 to Question 2474, what businesses (a) were invited to and (b) attended the UK-Africa Investment Summit on 20 January 2020, UIN 6060.*

The UK-Africa Investment Summit, held on 20 January 2020, laid the foundations for new partnerships between the UK and African nations based on trade, investment, shared values and mutual interest. £6.5bn of new commercial deals were announced, highlighting the strength of the UK's offer and existing relationship with Africa. We invited a wide range of UK and African businesses and civil society organisations from a variety of sectors to the Summit.

We are prevented from publishing the names of business representatives invited to or attending the Summit by the General Data Protection Regulation (GDPR). However, we are pleased to share with you the names of businesses that were a) invited to and b) recorded as having attended the Summit. Please see the enclosed annex which lists the companies invited, and highlights those recorded as attending on the day. Please note that this list does not include companies who are so small that naming them could result in individuals being identified or identifiable, as this would be classified as personal data. The list does not include businesses that attended as media delegates and anyone who formed part of official country delegations. Where a company has requested not to be included, we have also removed their name.

Yours sincerely,

**GRAHAM STUART MP**  
Minister for Investment  
Department for International Trade
