

## Gigabit Broadband Voucher Scheme

The Gigabit Broadband Voucher Scheme (the "Scheme") is part of the Local Full Fibre Networks (LFFN) programme and the Rural Gigabit Connectivity (RGC) programme and is managed by BDUK. The Scheme operates across the whole of the UK.

The purpose of the Scheme is to increase the speed of deployment of full fibre networks within the UK by providing micro-grants to support the cost of new connectivity. Vouchers are the mechanism the Scheme uses to provide these grants. The Scheme aims to encourage Suppliers to invest in gigabit capable services. The voucher is a benefit to eligible beneficiaries who must receive the full value of the voucher. Using their grant, beneficiaries are able to contract with suppliers for gigabit capable products (referred to in the Scheme as Pre-Registered Packages). This is the only mechanism by which a beneficiary can take a voucher. Payments of grant to Beneficiaries under the Scheme are made by DCMS direct to Suppliers, once they have confirmed that new connections have been delivered, although the Beneficiary is the recipient of the new connection and the beneficiary of the grant.

SME vouchers have a value between **£500 and £3,500** where vouchers are available to domestic users these have a value between **£500 and £1,500**.

On a quarterly basis, DCMS will make information available about the number of new connections the Scheme has supported on a constituency, national, regional and local authority basis. The following information provides these data from the start of the Scheme until March 2021 (until 31/03/21).
