Hello. I live in Northern Ireland. I would like to show my support for pro-life laws. While I believe each person’s rights should be taken into account, I believe this should include the right of an unborn child who cannot voice their opinion. I believe an estimated 100,000 lives have been saved because of the existing law.

Also in other parts of the UK, there have been substantially more abortions taking place since the Abortion Act of 1967 came into play, totalling around nine million abortions far more than what had been envisioned initially.

Thank you for allowing me to voice my opinion and I realise these choices come with great difficulty.
