Written submission from Mrs Sandra Knox (ANI0207)

I live in Northern Ireland and have concerns regarding this inquiry regarding pro-life laws. I believe Northern Ireland’s law must be respected and Westminster should not set out to bypass the will of our elected representatives which was last made clear in February 2016. In fact, during 2016, 98% of abortions in Great Britain were carried out for social reasons. Abortion fundamentally undermines human rights and above all the right to life of the most vulnerable in our society, the unborn child.
