1) DEVOLUTION
I strongly object to politicians from Westminster making decisions which should be made by Northern Ireland politicians.

2) DISTINCTIVE LAW AND CULTURE
100 000 people are alive today because of N Ireland abortion laws. According to Lord Shinkwin N Ireland is the safest place in the UK for babies diagnosed with a disability before birth. We do not discriminate against the disabled in the womb.

3) HUMAN RIGHTS & EQUALITY
As far as human rights are concerned, surely both lives matter equally. The mother has not the right to end the life of her unborn child. We do not want abortion on demand, which is what is likely to happen if the abortion laws are to be relaxed in Northern Ireland.

4) PERSONAL STORIES
I know a lady who had an abortion and she lives with regret ever since and has mental health issues.
