1) DEVOLUTION
This is a decision which should be decided by the politicians in Northern Ireland following consultation with their constituents.

2) DISTINCTIVE LAW AND CULTURE
I believe that as the Bible teaches all life is sacred. Life begins in the womb as soon as there is a heartbeat. Nobody should have the right to take that life away.

3) HUMAN RIGHTS & EQUALITY
We all have rights and I believe the unborn child also has rights. The most precious right they have is to live their life. We need to protect that right for them.

4) PERSONAL STORIES
I have five children, each one is precious and unique in their own way. They are a gift from God, one which we should never take for granted. From the very first scan at 12 wks it is clear to see they have a heartbeat. That was how Mr midwife assessed them by listening to their heartbeat. How can we then say they are not alive and deserve the right to life outside the womb!
