Written submission from Seunghui Mulhern (ANI0598)

1) DEVOLUTION
This is a devolved issue which should be decided by politicians in Northern Ireland, not Westminster.

2) DISTINCTIVE LAW AND CULTURE
As Lord Shinkwin put it recently in the House of Lords, “Northern Ireland is the safest place in our United Kingdom to be diagnosed with a disability before birth.”

3) HUMAN RIGHTS & EQUALITY
The argument is frequently made that the UN says that Northern Ireland’s abortion laws are not human rights compliant and that Northern Ireland should decriminalise abortion.

4) PERSONAL STORIES
I had miscarriage and attended hospital miscarried babies funeral. In Northern Ireland unborn babies are treated as human beings like the rest of us.
In other countries, aborted babies are dumped same as other medical wastes or sold the body parts. I can’t let this inhumane act happen in Northern Ireland.
