1) DEVOLUTION
I very strongly believe that the matter of Abortion in Northern Ireland should be a devolved matter and be decided by the politicians here in NI, not Westminster.

2) DISTINCTIVE LAW AND CULTURE
The law as it stands gives the greatest protection to the unborn, especially those who have a disability, though who are worthy of life.

3) HUMAN RIGHTS & EQUALITY
While two particular circumstances, life limiting conditions and sexual crime are often quoted as significant reasons, these only represent a very small proportion of the total number of abortions in practice.
