Of our 650 MPs only 192 are women and 458 are men.

As Justin Trudeau said on his first day as Canadian PM, ‘it is 2016’. It is long overdue time for equal representation to become a reality in the government of one of the World’s leading nations.

We cannot and will not progress to our potential without fair and equal representation.

Let’s stop wasting any more time talking about the subject, and just make it happen so that we can focus on the other major issues of the time in a more concerted, fair, logical and efficient way.

Set an example and make gender parity a priority, and a reality, once and for all.
