

**PARLIAMENTARY QUESTION HOC222047 : MR JAMES DUDDRIDGE**

To ask the Secretary of State for the Home Department if she will place in the Library the names and addresses of each organisation that supplied goods and services to his Department in 2007-08, based on the purchase order data held in the Department's financial database.

I will arrange for a copy to be placed in the Library The list will incorporate organisations that supply works. A number of organisations supply works in addition to goods and services. To manually exclude works supply only organisations from the purchase order data would incur disproportionate cost.
