1. Introduction

1.1 This Report is prepared by the Secretary of State for the Home Department ('the Home Secretary') under section 46(3) of the Police Act 1996. It is laid before the House of Commons under section 46(6) of the 1996 Act. It applies to England and Wales.

1.2 This Report sets out the Home Secretary's determination for 2012/13, made under section 46(2) of the 1996 Act, of the aggregate amount of grants for police purposes (referred to in this report as 'the Police Core Settlement') that she proposes to pay under section 46 and the amount of grant she proposes to pay each police authority/local policing body¹ under the same section. This determination has been approved by the Treasury as required by section 46(2) of the 1996 Act.

1.3 The Report also states the considerations which the Home Secretary took into account in making her determination.

1.4 In determining the allocation among police authorities/ local policing bodies of the whole or any part of the Police Core Settlement, the Home Secretary may, under section 46(4) of the 1996 Act, exercise her discretion in applying such formulae or other rules as she considers appropriate. This Report sets out the formula that she proposes to apply to the Police Main Grant element of the Police Core Settlement in 2012/13.

1.5 This Report does not set out the totality of central government funding to police authorities/ Police and Crime Commissioners in England and Wales. It does not cover police grant for capital purposes made under section 47(1) of the 1996 Act, police grant for the safeguarding of national security made under section 48(1) of the 1996 Act, or police grant made for any other specific purpose. Neither does it cover grants paid to police authorities/ local policing bodies in England by the Department for Communities and Local Government, or to police authorities/ local policing bodies in Wales by the Welsh Government.

¹ Section 1 of the Police Reform and Social Responsibility Act 2011 (c. 13) replaces police authorities in England and Wales, other than in London, with police and crime commissioners. Section 3 of the same Act replaces the Metropolitan Police Authority with the Mayor's Office for Policing and Crime. It is intended that section 1 will come into force in November 2012 and section 3 in January 2012, during the period covered by this Report. Police and crime commissioners, the Mayor's Office for Policing and Crime into force in November 2012 and section 3 in January 2012, during the period covered by this Report. Police and crime commissioners, the Mayor's Office for Policing and Crime and the Common Council of the City of London (which retains its role as police authority for the City of London) are referred to collectively in the Act as "local policing bodies", and that term is used in this Report.

2. Police Core Settlement

2.1 Pursuant to section 46(2) (a) of the 1996 Act the Home Secretary hereby determines that the amount of the Police Core Settlement to be made under section 46 is £4,440,131,010.

3. **Allocation of Police Core Settlement**

Pursuant to section 46(2) (b) of the 1996 Act, the Home Secretary hereby determines that 3.1 the amount of Police Core Settlement to be paid to each police authority/ local policing body other than the Metropolitan Police Authority/Mayor's Office of Policing and Crime, and to the Greater London Authority on behalf of the Metropolitan Police Authority/ Mayor's Office for Policing and Crime, in $2012/13^2$ is the amount shown against its name in column (c) of the table below.

	$(a)^3$	$(b)^4$	(c)
	Allocation of	Allocation under	Total
	Police Core Settlement	Additional Rule 1	(a)+(b)
Avon & Somerset	£112,690,765	-	£112,690,765
Bedfordshire	£40,836,149	-	£40,836,149
Cambridgeshire	£50,020,417	-	£50,020,417
Cheshire	£64,291,240	-	£64,291,240
City of London	£30,207,634	-	£30,207,634
Cleveland	£47,470,214	-	£47,470,214
Cumbria	£30,544,761	-	£30,544,761
Derbyshire	£65,039,034	-	£65,039,034
Devon & Cornwall	£110,454,129	-	£110,454,129
Dorset	£42,408,243	-	£42,408,243
Durham	£44,266,104	-	£44,266,104
Dyfed-Powys	£29,302,332	£2,777,098	£32,079,430
Essex	£109,533,909	-	£109,533,909
Gloucestershire	£36,214,421	-	£36,214,421
Greater London	£1,051,608,009	-	£1,051,608,009
Greater Manchester	£230,235,094	-	£230,235,094
Gwent	£43,470,971	£1,205,306	£44,676,277
Hampshire	£128,137,277	-	£128,137,277
Hertfordshire	£73,853,671	-	£73,853,671
Humberside	£69,459,281	-	£69,459,281
Kent	£109,493,703	-	£109,493,703
Lancashire	£105,681,125	-	£105,681,125
Leicestershire	£67,317,484	-	£67,317,484
Lincolnshire	£39,818,808	-	£39,818,808
Mersevside	£126,974,940	-	£126,974,940
Norfolk	£53,682,036	-	£53,682,036
North Wales	£42,232,252	£4,002,518	£46,234,770
North Yorkshire	£43,866,148	_	£43,866,148
Northamptonshire	£45,233,950	-	£45,233,950
Northumbria	£114,991,930	-	£114,991,930
Nottinghamshire	£80,686,079	-	£80,686,079
South Wales	£100,674,940	£-7,984,922	£92,690,018
South Yorkshire	£102,748,172	_	£102,748,172
Staffordshire	£68,623,143	-	£68,623,143
Suffolk	£42,760,540	-	£42,760,540
Surrey	£65,022,491	-	£65,022,491

Thames Valley	£146,980,423	-	£146,980,423
Warwickshire	£32,678,041	-	£32,678,041
West Mercia	£68,596,145	-	£68,596,145
West Midlands	£252,895,524	-	£252,895,524
West Yorkshire	£179,315,210	-	£179,315,210
· · · · · · · · · · · · · · · · · · ·			, ,
Wiltshire	£38,679,234	-	£38,679,234

4. **Considerations taken into account**

2 Under section 46(2) of the 1996 Act any determination may be varied by further determinations under that subsection.

3 This is Police Main Grant allocation calculated using the Police Allocation Formula, except that for the Greater London Authority on behalf of the Metropolitan Police Authority/ Mayor's Office for Policing and Crime, it also includes the special payment referred to in paragraph 4.3 below. ⁴ This is an amount calculated under section 4.4 below.

4.1 Pursuant to section 46(3) of the 1996 Act, the considerations which the Home Secretary took into account in making her determination are set out in paragraphs 4.2 to 4.4 below.

Police Allocation Formula

4.2 The Police Main Grant element of the Police Core Settlement will be allocated on the basis of the needs-based Police Allocation Formula, which is described in Appendix A.

Special Payment to the Greater London Authority on behalf of the Metropolitan Police Authority

4.3 The Home Secretary has decided that the Greater London Authority on behalf of the Metropolitan Police Authority/Mayor's Office for Policing and Crime should receive additional funding in recognition of the Metropolitan Police's distinct national, international and capital city functions. She has decided, therefore, that a portion of the Police Core Settlement will be assigned to the Greater London Authority on behalf of the Metropolitan Police Authority/ Mayor's Office for Policing and Crime over and above that available through the Police Authority/ Mayor's Office for Policing and Crime over and above that available through the Police Allocation Formula set out in Appendix A. The Home Secretary has set the amount of this special payment (the National, International and Capital City Grant) at £189,000,000.

Additional Rule 1

4.4 The Home Secretary has decided that the grant provision under the Police Allocation Formula for police authorities/local policing bodies in Wales shall be varied to ensure that South Wales Police Authority/the Police and Crime Commissioner for South Wales shall receive in Police Main Grant and local authority general grants the same change (increase or decrease) as that applicable to police authorities/ local policing bodies in England. On this basis the Home Secretary has decided that the grant provision under the Police Allocation Formula for South Wales Police Authority/ the Police and Crime Commissioner for South Wales shall be reduced by \pounds 7,984,922. The sum will be paid in full to the other Police Authorities/ local policing bodies in Wales, in proportion to their Police Main Grant allocation. Dyfed-Powys Police Authority/ the Police and Crime Commissioner for Gwent will receive \pounds 2,777,098; Gwent Police Authority/the Police and Crime Commissioner for South Wales Police Authority/the Police and Crime Commissioner for South Secretary Secretary for South Wales Police Authority/the Police and Crime Commissioner for South Secretary Police Authority/ the Police and Crime Commissioner for Dyfed-Powys will receive \pounds 2,777,098; Gwent Police Authority/the Police and Crime Commissioner for South Wales will receive \pounds 4,002,518.

5. Conclusion

5.1 This Report is made by the Home Secretary under section 46 of the Police Act 1996. It is laid before the House of Commons in accordance with that section.

5.2 The financial year for which the Report operates is that beginning on 1 April 2012.

Nick Herbert Minister of State for the Home Department

X [Month] 201X

The approval of the Treasury has been obtained to the making of the determination specified in paragraph 2.1 and paragraph 3.1 of this Report.

<mark>[NAME</mark>] [NAME]

X [Month] 201X

Two of the Lords Commissioners of Her Majesty's Treasury.

Appendix A

Formula to be applied by the Home Secretary

- 1. The formula used for distributing Home Office Police Main Grant is the same as the Police Relative Needs Formula used by the Department for Communities and Local Government (DCLG) in England and the Welsh Government in Wales.
- 2. The first stage of the formula is to divide funds between the different activities that the police undertake. These activities, or workloads, can be broken down into five key areas:
- Crime (of which there are seven sub-categories)
- Incidents (e.g. public disorder)
- Traffic (e.g. assistance at road traffic accidents)
- Fear of Crime (e.g. public reassurance)
- Special Events (e.g. football matches)
- 3. A portion of total funding is also distributed according to population sparsity, to address the specific needs of rural forces.
- 4. The second stage is to divide funding for each of these workloads between the 43 police authorities/local policing bodies of England and Wales. In order to do this, 'workload indicators' are calculated to estimate how much work each police force is expected to have in each of the key areas compared to other forces. These estimates are calculated using socio-economic and demographic indicators that are correlated with each workload. Indicators of workload are used rather than data on actual recorded crime levels to account for known variations in recording practices and to avoid creating perverse incentives.
- 5. The formula consists of a basic amount per resident and a basic amount for special events, and top-ups for the five key areas, sparsity and area costs (which takes account for regional differences in costs). These are detailed below:

Basic amount	
Police Basic Amount	14.2879
Special Events Basic Amount	0.7337
Top-ups	
Police Crime Top-up 1	 2.2280 multiplied by DAYTIME NET INFLOW PER RESIDENT POPULATION; plus 0.2485 multiplied by LOG OF WEIGHTED BARS PER 100 HECTARES; plus 13.6473 multiplied by INCOME SUPPORT/INCOME BASED JSA/GUARANTEE ELEMENT OF PENSION CREDIT CLAIMANTS; plus 28.7170 multiplied by SINGLE PARENT HOUSEHOLDS

Police Crime Top-up 2	0.0267 multiplied by POPULATION DENSITY ; plus 85.5865 multiplied by LONG-TERM UNEMPLOYMENT- RELATED BENEFIT CLAIMANTS
Police Crime Top-up 3	0.0664 multiplied by LOG OF WEIGHTED BARS PER 100 HECTARES; plus 0.0073 multiplied by POPULATION DENSITY; plus 3.3304 multiplied by RESIDENTS IN ROUTINE/SEMI ROUTINE OCCUPATIONS OR NEVER WORKED/LONG- TERM UNEMPLOYED; plus 8.2070 multiplied by SINGLE PARENT HOUSEHOLDS; plus 0.6205 multiplied by DAYTIME NET INFLOW PER RESIDENT POPULATION
Police Crime Top-up 4	 0.1454 multiplied by LOG OF WEIGHTED BARS PER 100 HECTARES; plus 6.4006 multiplied by SINGLE PARENT HOUSEHOLDS; plus 19.7900 multiplied by STUDENT HOUSING; plus 0.9054 multiplied by HARD PRESSED
Police Crime Top-up 5	0.2735 multiplied by LOG OF WEIGHTED BARS PER 100 HECTARES; plus 30.3767 multiplied by STUDENT HOUSING; plus 119.5252 multiplied by YOUNG MALE UNEMPLOYMENT- RELATED BENEFIT CLAIMANTS
Police Crime Top-up 6	4.7822 multiplied by DAYTIME NET INFLOW PER RESIDENT POPULATION ; minus 0.4398 multiplied by LOG OF POPULATION SPARSITY ; plus 1.1234 multiplied by LOG OF OVERCROWDED HOUSEHOLDS
Police Crime Top-up 7	 3.5775 multiplied by DAYTIME NET INFLOW PER RESIDENT POPULATION; plus 22.4779 multiplied by STUDENT HOUSING; minus 2.6621 multiplied by WEALTHY ACHIEVERS
Police Incidents Top-up	34.9560 multiplied by INCOME SUPPORT/INCOME BASED JSA/GUARANTEE ELEMENT OF PENSION CREDIT CLAIMANTS; plus 9.3234 multiplied by RESIDENTS IN TERRACED ACCOMMODATION
Police Fear of Crime Top-up	0.2934 multiplied by LOG OF WEIGHTED BARS PER 100 HECTARES; plus 2.8680 multiplied by HARD PRESSED
Police Traffic Top-up	1.1105 multiplied by POPULATION SPARSITY
Police Sparsity Top-up	0.7990 multiplied by POPULATION SPARSITY

6. The full Police Allocation Formula used to calculate the amount of Police Main Grant for a particular authority/local policing body is given below:

Police Allocation Formula to be applied by the Home Secretary		
(a)	PROJECTED POPULATION IN 2012 <i>multiplied by</i> the result of:	
	POLICE BASIC AMOUNT; plus	
	POLICE CRIME TOP-UP 1; plus	
	POLICE CRIME TOP-UP 2; <i>plus</i>	
	POLICE CRIME TOP-UP 3; plus	
	POLICE CRIME TOP-UP 4; plus	
	POLICE CRIME TOP-UP 5; plus	
	POLICE CRIME TOP-UP 6; plus	
	POLICE CRIME TOP-UP 7; plus	
	POLICE INCIDENTS TOP-UP; <i>plus</i>	
	POLICE FEAR OF CRIME TOP-UP; <i>plus</i>	
	POLICE TRAFFIC TOP-UP; plus	
	POLICE SPARSITY TOP-UP.	
(b)	PROJECTED DAYTIME POPULATION IN 2012 multiplied by SPECIAL	
	EVENTS BASIC AMOUNT;	
(c)	The results of (a) and (b) are added together and the result is <i>multiplied by</i> AREA	
	COST ADJUSTMENT FOR POLICE;	
(d)	The result of (c) is then <i>multiplied by</i> POLICE GRANT RATE ;	
(e)	The result of (d) is then <i>multiplied by</i> the scaling factor given in Appendix C.	
(f)	The result of (e) is <i>multiplied by</i> the result of £4,251,131,010 <i>divided by</i> the sum for all police authorities/local policing bodies of the result of (e).	

7. A fuller explanation of the Police Allocation Formula can be found in 'A Plain English Guide to the Police Allocation Formula' on the Home Office website.

Appendix B

Definition of indicators used to calculate Police Main Grant

Unless otherwise stated, data used to construct indicators for the calculation of Police Main Grant are those available to the Secretary of State for Communities and Local Government ('the Secretary of State') on 1 October 2010 concerning the constituent authorities of the authority providing policing services relevant to the calculation of Police Main Grant.

Constituent authorities for this purpose, and in the definition of population density below, are the relevant billing authorities (in whole or in part) whose area is contained within the area of the authority providing policing services. Each of the following is a billing authority a) in England, a district council, a London Borough Council, the Common Council of the City of London, the Council of the Isles of Scilly and a county council which has the functions of a district council; and b) in Wales, a county council and a county borough council.

Data used to construct indicators for this purpose for constituent authorities which are reorganised authorities comprise such data available, unless otherwise stated, on 1 October 2010 concerning the predecessor authorities, or parts of the predecessor authorities, as the Secretary of State considers appropriate. A reorganised authority is an authority subject to a structural, or a structural and boundary change which came into effect on 1 April 1995, 1 April 1996, 1 April 1997, 1 April 1998, 1 April 1999, or 1 April 2000 and which is made by an order under section 17 of the Local Government Act 1992 or under the Local Government Act 1972, as amended by section 1 of the Local Government (Wales) Act 1994, or those where boundaries have been altered under section 323 of the Greater London Authority Act 1999.

In this section a reference to "the authority's area" is to be read, in the case of the Greater London Authority, as a reference to the area of the Metropolitan Police District.

PROJECTED POPULATION IN 2012	The projected total resident population in 2012, as estimated by the Office for National Statistics and published on 27 May 2010.
DAYTIME NET- INFLOW PER RESIDENT POPULATION	THE DAYTIME NET-INFLOW (as defined below) <i>divided by</i> the total resident population of the authority/body, calculated using information from the 2001 Census.
DAYTIME NET- INFLOW	The number of persons working but not resident in the authority's area <i>minus</i> the number of persons resident in but working outside the authority's area, as estimated by the Secretary of State using information from the 2001 Census.

LOG OF WEIGHTED	The natural logarithm ⁵ of:		
BARS PER 100 HECTARE	The number of units that are bars (<i>defined as Standard Industrial Classification 2007 (SIC) 56.30- beverage serving activities</i>), measured at the Community Safety Partnerships (CSP) level, as estimated by the Secretary of State, based on information provided by the Office for National Statistics from the 2008 Annual Business Inquiry; <i>divided by</i> the number of hectares in the CSP, using information from the 2001 Census which is <i>divided by</i> 100; the result is then <i>multiplied by</i> the number of bars within the force level area; the result is then <i>summed</i> to the force level area.		
INCOME SUPPORT/ INCOME BASED JOBSEEKER'S	The average number of Income Support/ Income based Jobseekers Allowance/ Guarantee Element of Pension Credit claimants, over a period between:		
ALLOWANCE / GUARANTEE ELEMENT OF PENSION CREDIT	 a) May 2007 and February 2010, using twelve quarterly scans for this period for Income Support/ Guarantee Element of Pension Credit claimants, and 		
	 b) August 2007 and August 2009, using scans made at the end of August of each year for Income based Jobseekers Allowance claimants, 		
	as estimated by the Secretary of State for Work and Pensions, <i>divided by</i> the resident population at 30 June 2009, as estimated by the Office for National Statistics.		
SINGLE PARENT HOUSEHOLDS	The proportion of households which are lone parent households with dependant children, calculated using information from the 2001 Census.		
POPULATION DENSITY	The resident population at 30 June 2009, as estimated by the Office for National Statistics, <i>divided by</i> the area of the authority/body in hectares, using information from the 2001 Census.		
LONG-TERM UNEMPLOYMENT- RELATED BENEFIT CLAIMANTS	The number of claimants of unemployment-related benefits, currently Jobseeker's Allowance and National Insurance credits, with a duration of unemployment of more than one year, averaged over the period between May 2007 and April 2010, calculated using monthly information provided by the Office for National Statistics through NOMIS, <i>divided by</i> the sum of the number of resident males aged 18-64 years and the number of resident females aged 18-59 years at 30 June 2009, as estimated by the Office for National Statistics.		

⁵ The natural logarithm is also known as the Napierian log or log to the base e

RESIDENTS IN ROUTINE/SEMI- ROUTINE OCCUPATIONS OR NEVER WORKED/ LONG-TERM UNEMPLOYED	The proportion of residents in routine or semi-routine occupations or who have never worked or are long-term unemployed (National Statistics – Socio Economic Classifications (NS-SEC) 6, 7 and 8), calculated using information from the 2001 Census.		
STUDENT HOUSING	The proportion of households that contain all students, calculated using information from the 2001 Census.		
HARD PRESSED POPULATION	The proportion of household residents living in areas classified as ACORN category 'Hard Pressed', as defined in ACORN data produced by CACI Limited, based upon information from the 2001 Census and updated lifestyle data, and released in 2010.		
YOUNG MALE UNEMPLOYMENT- RELATED BENEFIT CLAIMANTS	The number of claimants of unemployment-related benefits, currently Jobseeker's Allowance and National Insurance credits, who were male and aged under 25 years, averaged over the period between May 2007 and April 2010, calculated using monthly information provided by the Office for National Statistics through NOMIS, <i>divided by</i> the sum of the number of resident males aged 18-64 years and the number of resident females aged 18-59 years at 30 June 2009, as estimated by the Office for National Statistics.		
LOG OF POPULATION SPARSITY	The natural logarithm of POPULATION SPARSITY (as defined below).		
POPULATION SPARSITY	The population sparsity of each authority/body measured at Output Area level. The sum of:		
	 (i) 2 multiplied by the resident population of those Output Areas within the area of the authority/body at the 2001 Census with 0.5 or less residents per hectare, <i>divided by</i> the total resident population of the authority/body, calculated using information from the 2001 Census; <i>and</i> 		
	(ii) The resident population of those census Output Areas within the area of the authority/body at the 2001 Census with more than 0.5 but less than or equal to 4 residents per hectare, <i>divided by</i> the total resident population of the authority/body, calculated using information from the 2001 Census.		

Output Areas were introduced by the Office for National Statistics as the smallest units of output for the 2001 census. In England and Wales they have a minimum size of 100 residents and 40 households.

They are based on census day postcodes and fit within the boundaries of 2003 statistical wards (and parishes).

LOG OF	The natural logarithm of:		
OVERCROWDED HOUSEHOLDS	The proportion of overcrowded households with an occupancy rating of "-1 or less", calculated using information from the 2001 Census.		
WEALTHY ACHIEVERS POPULATION	The proportion of household residents living in areas classified as ACORN category 'Wealthy Achievers', as defined in ACORN data produced by CACI Limited, based upon information from the 2001 Census and updated lifestyle data, and released in 2010.		
TERRACED HOUSEHOLDS	The proportion of households which are terraced, including end terraced, calculated using information from the 2001 Census.		
PROJECTED DAYTIME POPULATION IN 2012	PROJECTED POPULATION IN 2012 (as defined above) <i>plus</i> DAYTIME NET-INFLOW (as defined above).		
POLICE GRANT RATE	The proportion of police revenue expenditure in England and Wales for 2012-2013, as estimated by the Home Secretary, which is to be met directly by the aggregate of police grant calculated under Appendix A of the Police Grant Report (England and Wales) 2012-2013.		
AREA COST ADJUSTMENT FOR POLICE	A factor calculated to reflect differences in the costs of providing police services across the country. The factor is given in Appendix D. It is generally based on information derived from the following sources: the 2007, 2008 and 2009 Annual Survey of Hours and Earnings provided by the Office for National Statistics; Subjective Analysis Return 2005-06 and 2007-08; Base Estimate Returns 1992-93; rateable values and hereditaments at 31 July 2010 from the HMRC; estimates of office hereditaments and floor space as at 2008; gross non-domestic rates and increases and reductions in rate yields, as supplied by authorities to the Secretary of State on the National Non-Domestic Rates Provisional Contributions Return 2010-2011; and the total resident population as at 30 June 2009, as estimated by the Office for National Statistics.		

Appendix C

Scaling factor

The scaling factor used in paragraph 6 (e) of Appendix A of this report is:

0.999997843746727

Appendix D

Area Cost Adjustment factors

Area Cost Adjustment Factor ⁶		
Police Authority/local policing body	Factor	
Avon and Somerset	1.0332	
Bedfordshire	1.0419	
Cambridgeshire	1.0457	
Cheshire	1.0199	
Common Council of the City of London	1.5018	
Cumbria	1.0018	
Dorset	1.0095	
Essex	1.0426	
Gloucestershire	1.0200	
Greater London Authority	1.1798	
Greater Manchester	1.0236	
Hampshire	1.0496	
Hertfordshire	1.0891	
Kent	1.0206	
Merseyside	1.0062	
Northamptonshire	1.0144	
Nottinghamshire	1.0084	
Surrey	1.1422	
Sussex	1.0096	
Thames Valley	1.1017	
Warwickshire	1.0225	
West Midlands	1.0121	
West Yorkshire	1.0028	
Wiltshire	1.0292	

⁶ All police authorities/local policing bodies listed have Area Cost Adjustment Factors of 1 which indicates labour (and materials) are more expensive that the national average. Those police authorities/local policing bodies not included have Area Cost Adjustment Factors of 1.
