THE PRIME MINISTER

6 September 2021

Dear Jeremy,

Thank you for your letter of 12 August about comments I made during Prime Minister's Questions last year on 22 July 2020.

I accept your assurance that you did not receive any financial payment for your multiple appearances on *Russia Today*. You did, however, receive up to £10,000 for your appearances on Iranian state-run *Press TV* – a channel which has been associated with promoting antisemitic conspiracy theories, and whose licence to broadcast in the UK was subsequently revoked by Ofcom.

Your own Shadow Chancellor also warned people not to appear on the Kremlin-backed *Russia Today*, whilst you have praised the channel.

I am happy to correct the point, and will deposit a copy of this letter in the House of Commons Library, so that the public can draw their own conclusions on your associations with foreign state propaganda.

Yours
Boris

The Right Honourable Jeremy Corbyn MP
