QUESTION FOR WRITTEN ANSWER HL8008

On the 27th April 2022 you asked the Department for Business, Energy and Industrial Strategy the following Question for Written Answer:

To ask Her Majesty's Government what assessment they have made of the case for mandating the installation of hydrogen-ready boilers in homes from 2026. (HL8008)

Please find my response below:

The Government will publish in due course a consultation on the case for enabling or requiring new domestic gas boilers to be hydrogen-ready by 2026.

I am placing a copy of this letter in the Libraries of the House.

Lord Callanan
