
Professor Sir Ian Diamond | National Statistician

The Rt Hon. the Viscount Waverley
House of Lords
London
SW1A 0PW

12 May 2023

Dear Lord Waverley,

As National Statistician and Chief Executive of the UK Statistics Authority, I am responding to your Parliamentary Question asking what percentage of UK exports derive from inwards investment into the UK **(HL7457)**.

Inward Foreign Affiliate Statistics (IFATS) holds information such as the turnover, number of employees, and levels of imports and exports relating to foreign-owned UK affiliates. The Office for National Statistics (ONS) no longer compiles these data due to the removal of international requirements following Britain's withdrawal from the European Union. However, it plans to redevelop these in the future.

Table 1 shows the latest IFATS data for the UK, which are available from the Organisation for Economic Co-Operation and Development (OECD)¹, up to 2017.

Yours sincerely,

Professor Sir Ian Diamond
