**Library Deposit of the Annual Abstract of Deaths**

I am writing to request that you place in the libraries of both Houses of Parliament a copy of the enclosed Office for National Statistics (ONS) Annual Abstract of Deaths.

The 'annual abstract', published on 9 October, is the statistical table produced by the ONS containing data on deaths registered in England and Wales. There is a statutory requirement for the tables to be deposited in the libraries of both Houses.

Yours sincerely,

A handwritten signature in black ink that reads "Josh Simons".
